Isolated Wetlands Information Sheet

Please provide the information requested below and answer the following questions to the best of your ability. Attach any reports or documents that provide supporting information. This information will augment the information provided in the Joint Aquatic Resources Permit Application and will help expedite review of your project. You may need to contract with a qualified wetland consultant to help produce this information. Failure to provide this information may result in delays in review of your project.

1. Please provide a complete copy of a wetland delineation report including data sheets.
2. What is the category of the wetland according to the Washington State Wetland Rating System (eastern or western Washington version as appropriate*)?
3. Describe the Cowardin** vegetation classes in the wetland (i.e. emergent, scrub/shrub, forested, open water, etc.) and list the dominant plant species in each class.

| | |
|-----------------------|-------------------------------|
| <u>Cowardin class</u> | <u>Dominant plant species</u> |
|-----------------------|-------------------------------|
4.
 - a. How large is the wetland (including contiguous portions offsite)?
 - b. How far is the wetland from the nearest surface water body? (lake, river, wetland, etc.)
 - c. Is the wetland within a FEMA mapped 100-year floodplain?
5. How much wetland area (in acres or square feet) is proposed to be:

Filled? _____

Excavated? _____

Drained? _____

Flooded? _____

Cleared, vegetation altered _____

Other? (list) _____

6. Please provide copies of the following information if available:

_____ Project plans, including grading plan

_____ Erosion control and stormwater control plans, reports

_____ Photographs of wetland

_____ Wetland delineation report, including data sheets

_____ Wetland function assessment report

_____ Wetland category rating form

_____ Wetland mitigation plan

* Copies of the Washington State Wetland Rating Systems may be obtained from the Department of Ecology Publications Office at 360/407-7472 or jwit461@ecy.wa.gov.

** The "Cowardin" wetland classification system is synonymous with the "Classification of Wetlands and Deepwater Habitats of the United States" published by the US Fish and Wildlife Service.
